CARAVAN. - A remarkable caravan passed through West End and West street on Sunday evening last, on its way to Washington, and attracted considerable attention. A wagon load of people was in advance, then came a wagon loaded with calves, then a drove of cows and bulis, then a load of hay, then a wagon loaded with all sorts of fowls, then a small drove of horses and colts, the rear being brought up by some mounted men. The remarkable part was that the spirit of discord seemed to enter the travelling animals as they entered the town, and as each species seemed to strive to drown the noise made by the others, the clamor produced by the cackling of the geese and chickens, the quacking of the ducks, the gobbling of the turkeys, blating of the calves, the lowing of the cows, the bellowing of the bulls, the neighing of the coits and horses, and the shouting of the men was tremendous, and startling from its ill accord with the quietness of the Sabbath after

THE FISHERY. -300,000 herring and 18,000 shad have been received at Fishtown since yesterday's report. The supply of rock and perch is also increasing. Even with these large reccipts the supply is not equal to the demand, and sales are quickly made at what are considered fairly remunerative prices. Among the eargoes that arrived here this morning was one from Budd's Ferry containing fifty-odd thousaid herring and about four hundred shalthe largest number of herring received here in one boat this season. The first sturgeon of the season arrived yesterday and two more were received this morning. They sold at \$4.50 The price of rock and perch still remains high.

IMPROVED STOCK. - The steamer John Gibson from New York, this morning, brought a thorough bred bull, some cows and heifers of the Ayreshire breed and a Cotswold ram, from the stock farm of Mr. J. W. Freeman, of Troy, N. Y., to the enterprising and progressive Mr. Thes. Walsh, of Burgundy, Fairfax county. The introduction of thorough bred stock will be of immense benefit to the country around us and will be of great profit to the purchasets, on account of the good markets of Alexandria and Washington. Already there are several gentlemen near town who are devoting themselves to raising thorough bred stock only and we trust that the long desired Agricultural Fair Association of Alexandria will be successfully inaugurated this fall for the exhibition of the

THE COAL TRADE. - Boats continue to arrive from and depart for Cumberland freely. The water was drawn off on the Williamsport level last Wednesday for repairs to the Aqueduct on that division, and a suspension of navigation for twenty four hours was the result, but as the arrivals here were only affected on Sanday the suspension was unnoticed. The receipts of coal here are increasing daily, and as there is a good demand and as vessels are scree freights to ports in the U.S. and West Indies have advanced considerably, being higher than they have been for the last five

Personal. - Messrs. McCallum, of Washington, and Daniel Clark, of Baltimore, and Judge Thomas, of Fairfax, were in this city, to-day, on professoinal business at the Corporation

Mr. John M. Johnson left here this aftertoon, on a month's visit to Illinois, to attend to some legal business in that State.

DISTURBANCES. - Disturbances occurred last night in "Petersburg" and on "Vinegar Hill' among some of the colored denizens of those healities, but they were quieted before the artival of the police. At the latter place the discharge of a gun was immediately succeeded by screams, which were heard as far as Cameron street, but the cause of which could not be as-

SOUTHERN CLAIMS. - Among the claims to have been heard by the Southern Claims Commission in Washington this morning were those of the executor of John S. Pendleten, for \$27,000; executors of J. C. Green, for \$16,856; and T. R. Rixey, for \$26,642. These claims are all from Calpeper, and are presented by Col. Alfred Chapman, of this city.

Police Headquarters.—There were no cases at Police Headquarters this morning. A warrant for the arrest of a colored man named David Haney for stealing clothing from a colored woman named Selah Groves was issued, but had not been executed. Seven lodgers were accommodated there last night.

PRISONER ESCAPED.-Edward Meade, an old offender, though young in years, slipped his ball and escaped from the chain gang this morning while at work on the streets, and is still at large. He was serving a term of imprisonment in the Work House for disorderly

[SPECIAL DISPATCHES TO THE GAZETTE.]

From the Seat of War.

SAN FRANCISCO, April 21.-A courier arrived at Yreka to-night with the following

news from the front, to April 18th: Col. Perry, Lieut. Miller and 110 men left camp at sunrise this morning on a scout southeastward. Nothing will be done in camp until they return, unless the Modocs make an attack which is not probable. Part of the command will return to-morrow night, and part will proceed to the Willow Spring, land route, and de-

termine whether the Modoes have fled that way. Indians were seen in close proximity to the camp to-day. They came to the Lake for water. Three shots were heard in the southeast, evidently fired by the Indians killing cattle. This afternoon Indians were seen out herding their horses four miles southeast of this point and an equal distance south of their former position. It is said there are large caves and strong positions there, and they will make a stand at that point. The women and children are there, having been removed before the massacre. There is a quantity of aumunition there and a supply of water. Fortifications will be thrown up at points commanding the Lake shore to guard the water line. Eleven dead bodies and one live Modoe were found in the cave of the lava beds to day, making sixteen warriors sain The bodies of the dead were buried. The number of Indians wounded is unknown. Some bodies were horribly mangled by shells. Six soldiers and one civilian were slain, cleven soldiers were wounded, two severely, and four were disabled by sprained ankles. It is reported that two more of the wounded in the lava beds will arrive to night. Mrs. Meacham was within three miles of the lava beds on the 17th, when she was turned back. Mr. Meacham is doing finely. Day-after-to-morrow he will be taken to Ferris Ranche, by boat to Lost River, and thence by ambulance to the Ranche. As soon as the cavalry return the Modocs will be attacked if they remain where we think they are. Captain Eagan is rapidly recovering. Young Hoovy will be buried at Yreka this evening. He was scalped and disemboweled and his head mashed with a flat rock. Harmon,

who tell within the Indian lines, was scalped.

The cavalry will return to-night and fled to the south. The Warm Spring Indians and cavalry will probably communicate with each other to-day. Col. Mason has moved his camp into Captain Jack's lair. The lava b 4 presents a horrible spectacle. Bodies have been discovered in crevices, and from un der heaps of rock, and a lickening stench fills the air. There must have been many killed and wounded. We know nothing of, but we have evidence of the death of seventeen Modoes. Their wounded must be at a greater rate than ours, as the ground is literally covered with fragments of broken shells all over the apiece. The quotations for shad and herring place. Three shells fell in the main ravine, in this morning were \$9a\$102 per hundred for the the centre of their camp, scattering most of f mer, and \$5a\$51 per thousand for the latter. them. There were about 220 men, women and children, six:y of whom could fight. Probably fifteen warriors were slain in the three days fight. Yesterday soldiers captured an old squaw who was unable to escape! She confirms the death of Schonchin, the second chief, who was shot by Commissioner Meacham. If the Indians do not make a stand this country will be in a horrid state this summer. The ranchers will sell their cattle and be compelled to abandon their ranches. Fifty desperate savages roaming the rocky fastnesses will work incalculable destruction to property, cause a fearful loss of life and lay waste the country, while the soldiers will be comparatively powerless because they cannot hunt them, and when they find them they cannot venture out without incurring great risk, not knowing what branch or sage-bru-h conceals the foe. The troops will not be idle. The Modocs will have no chance to recruit their scattered forces .-'Extermination' is the word. Mr. Hovey arrived here last night. He will raise the remains of his son and take them to Yreka for interment. The feeling in this section is aroused to terrible excitement. Business is suspended in a great measure. We are hourly expecting to hear of the massacre of defenceless citizens living in the valleys. If the Indians will make a stand in one place we will soon have the last one; but if they scatter into small bands it will be next to impossible to get LATER-10 a. m.-Firing has commenced at

the head of Long Cave where the troops were attacked by Indians coming down to the water. An escort coming to meet a pack-train has also been attacked and the men have been ordered to fall in. Light battery B, of the 6th artillery, is on its way from Presidia to assist the cavalry, and battery G, of the 4th artillery, is mile from the camp firing is heavy and steady. The escort is driving the Modocs. No further particulars can be obtained before the courier

YREKA, April 21. - James Glenn arrived at 8 o'clock p. m. from the front. He brings dispatches from Gen. Gillem. He left headquarters at 10:30 o'clock yesterday, and reports having been shot at twice when four miles this side of the camp by Indians, but was untouched. Mr. W. A. Hovey is on his way in with the remains of his son. The company of volunteers who started out from Yreka day before yesterday will return to night. The settlers on Bogus and Willow Creeks are much excited and are all preparing to move into the town.

It is reported that three Indians were seen in the neighborhood of Bogus Creek a few days since, and others were seen down near Picarks. Klamath river Indians, supposed to be Modoes, were at Crystal Creek, in Scott's Valley. The Klamath River Indians were painted and having war dances. They numbered fifteen or twenty warriors, and are well armed. Whether there is any danger or not the people are leaving. One family had left the neighborhood where the Klamath River Indians were con-

gregated. Col. Mendenhall's command has been ordered to move by the way of Shasta Valley instead of by the Pitt River route.

The Vienna Commissioners. NEW YORK, April 22.-A special from Washington says one of the Commissioners to Vieuna has been suspended for improper practices, who is now on his way to Vienna, and another is suspected and his case is being inquired into. Reports are in circulation that some of the complimentary Commissioners secured their appointments in order to represent certain manufacturing interests, and that a Sewing Machine Company, and a Gun Company each has Government Commissioners in its

employ. Death of President Figuera's Wife. MADRID, April 22.-In consequence of the theeting of the City Council will be held to- death of the wife of President Figueras, which

Effects of the Late Storm. Sr. Louis, April 22. - The Democrat prints

the following special dispatch : LINCOLN, NEB , April 21.-The first train for a week on the Burlington and Missouri River railroad came in this morning. Reports of the late storm show it to have been the most severe ever known here. Men were frozen to death within two rods of their houses while trying to get to their stock to feed them .-Near Grafton, a man named Keeler attempted to reach a neighbor scarcely a half a mile away, accompanied by his wife and child; and the two latter were frozen to death. Mr. Marshall, of Hastings, perished while trying to reach his house. The wife and child of Mr. Bent, living near Red Cloud, were frezen while attempting to reach a neighbor's after the house had been rendered uninhabitable. Their bodies were found on Friday ten rods from the house. Families were compelled to take refuge in cellars or keep their beds for three days. Houses were blown down and filled with snow. The destruction of cattle and horses was great. Some farmers lost all they had. One party lost a whole herd of seventy-five head. The gullies on the railways were filled with snow as hard as ice and snow plows were useless.

The President's Travels.

St. Louis, April 22. - It is stated that President Grant and party will leave here Thursday morning for Idaho Springs Colorado. In a brief response to a toast in the house of Henry T. I have seen, and do most unqualifiedly approve of Mr. W. B. McClure's Anti-friction Chain and Traveller, for the use of cart horses, whereby the severe concussions and continual galling incident to the present mode of harness-

ing draft animals are effectually overcome. This

invention should be speedily in general use.
HENRY BERGH, President. Alexandria, April 9, 1873. I have been using for more than four months the Self-adjusting, Anti-friction Back Chain and Traveller," and take pleasure in testifying that

they are a perfect success. The saving in wear of the saddle alone is worth more than the cost of the chain, and the saving in labor and suffering to the horse is mealculable. John LEATHERLAND, Coal Merch't.

SALE OF VALUABLE
VIRGINIA LANDS.
By virtue of a decree of the County Court of
Loudoun, made in the chancery suit of Hopkins,

Loudoun, made in the chancery suit of Hopkins, Hull & Co. vs. Berkley, the undersigned, commissioners of sale, will offer at public auction, in front of the Court Honse, in Leesburg, Loudoun county, Va., on MONDAY, March 17th, 1878, the following REAL ESTATE, viz:

A VALUABLE TRACT OF TIMBER LAND, containing 408 acres, in Prince William county, adjoining the lands of Edmund Berkeley, Ewell, Bayley and others, about six miles from Thorougnfare station, on the O. A. miles from Thoroughfare station, on the O., A. & M. R. R., and four miles from Aldie, on the Piedmont and Potomac Railroad—over firm roads of easy grade. This land is heavily tim-bered with chestnut, hickory and oak, and has upon it a vein of rich iron ore, running through

its entire length.
Also the ONE UNDIVIDED HALF of one of the most valuable and productive estates in Virginia, known as "GOOSE POND," lying on the south bank of the Mattaponi river, in Caroline county, containing 1950 acres, of which about 950 is timber of original growth, and the rest productive, arable land, under cultivation. The timber consists of the varieties of oak, pine, walnut and hickory, and is considered by good judges equal to any body of timber land in the State. An experienced timber getter estimates the value of the hickory alone, for spokes, at double its assessed value. The pine and cak furnish the finest masts and ship timber. The arable land has heretofore been cultivated by intelligent and liberal agriculturists, and until the war, with extraordinary remunerative results. The estate was somewhat neglected during the war, and the owners have not had the means since of restoring it to its former productiveness. Two hundred acres of this land have been cropped continuously for nearly a century, and will now produce from 50 to 75 bushels of corn to the acre. Marl is abundant on the place, and has been liberally applied. The Mattaponi is a beautiful stream; its navigation was obstructed during the war, but at a sight expense it can be made navigable for vessels of 100 tons to the landing on the estate. "Goose Pond" adjoins the famous Corbin estate, "The Reeds," and also "Hays," the justly celebrated estate of Major Wm. N. Berkeley, separated from "Goose Pond" only by the Mattaponi river. The other half of "Goose Pond" is held for sale by General Eppa Hunton, of Warrenton, who will unite in

the sale of the whole tract.
"HAYS," containing 1650 acres, will be offered for sale at the same time, by B. P. Noland, Trustee, under a deed of trust from Maj. Berkeley. These two estates forming a compact body of about 3600 acres of splendid land, offer the most desirable location in Virginia for a colony. The attention of capitalists, of agriculturalists and dealers in timber and lumber is invited to these lands. None more desirable, in quality or

prices, are now in market. Terms of Sale: So much of the purchase-money to be paid in cash on the day of sale as will pay the costs of suit and expenses of sale; the residue upon a credit of one, two, three and four years, in equal instalments, bearing interest from the day of sale; the purchaser to execute his bonds for the deferred instalments, and the title to be retained till the purchase money is all

MATTHEW HARRISON, B. P. NOLAND, POWELL HARRISON, J. H. ALEXANDER,

BY AUTHORITY OF A DEED OFTRUST, dated the — day of —, and with the full consent of the present owner, Major W. N. Berkeley, I will offer, at the same time and place, and upon the same terms as the above, that splendid estate, in King William county, known as "HAYS," containing 1650 acres, adjoining "Goose Pond," the Mattaponi river being the dividing line. The timber upon this estate is of the same quality as that on "Goose tate is of the same quality as that on "Goose Pond," and the arable land of the same fertile character. It has been managed since the war better than Goose Pond, and is consequently now in better condition, and produces crops of grain, tobacco and clover. The DWEL-LING HOUSE and out-buildings are complete

and in good condition.

B. P. NOLAND, Trustee. Loudoun county, feb 17-ts

***The sale of the above property has been adjourned until MONDAY, the 12th day of

May, 1873, Court day. ap 7-wts W. B. NOLAND, Auct'r. ap 7-wts COMMISSIONERS' SALE OF REAL ESTATE.—By virtue of a decree of the County Court of Loudoun, made at the August term, 1872, in the case of Hopkins, Hull & Co. vs. Berkeleys, the undersigned, commissioners of sale, will sell to the highest bidder, in front of

sale, will sell to the highest bidder, in front of the Court House, in Leesburg, Va., on MON-DAY, May 12th, 1873, TWO VALUABLE TRACTS OF LAND, of which Charles F. Berkeley died seized and possessed, viz:

1st. "ENDFIELD," situated on the edge of Prince William county, 3 miles southeast of Aldie, containing about 265 acres of unusually fine timber land—mostly chesnut. About the same quantity of land was recently sold off of "Endfield" to Mr. Letterman of Baltimore, who now field," to Mr. Letterman, of Baltimore, who now owns it. There is a steam saw mill near this tract, which makes the timber very valuable.

2. A BEAUTIFUL FARM, in Caroline county, known as "REDCLYFFE," containing 5474 acres. This farm lies on the Pamonkey river, 2 miles from Hanover Court House, a depot on the Chesapeake and Ohio Railroad—and adjoins "North Wales," the splendid estate of the late Williams Carter. The neighborhood is a desirable one; the land is of good quality and easily cultivated. The DWELLING is large and well arranged, with fine lawn, garden and orchard, and is altogether a most beautiful

and desirable farm. Terms of Sale: So much of the purchase money to be paid in cash on the day of sale as will pay the costs of suit and expenses of sale; the residue upon a credit of one, two, three and four years, in equal instalments, bearing interest from the day of sale; the purchaser to execute his bonds for the deferred instalments, and the SMALE PROFITS AND QUICK SALES. title to be retained till the purchase money is all paid.
